RE-TENDER NOTICE

Tender Notice No. 9(P)/15

Sealed tenders are invited for the supply and installation of Networking items for Nalanda Open University. The Tender papers with detailed specifications of the equipment/items may be obtained from the office of undersigned during working hour from 10:00 am to 05:00 pm. on written request. The tenders are to be submitted both for technical bid and financial bid in separate sealed envelope, super-scribing "Technical Bid" or "Financial Bid" as the case may be. The technical bid must contain the detailed specifications of equipments, requisite papers as required. The last date of receipt of tenders is 27.03.2015 before 04:00 P.M. The envelope should be sent by registered post/speed post/courier/hand. The quoted price should include the cost of Networking at NOU. The price should be mentioned **inclusive of all taxes**. The undersigned reserves the right to accept or cancel the tender or any part of the tender without assigning any reason.

The cost of tender paper will be Rs. 500/- which will be accepted in the form of Bank Draft in favour of Nalanda Open University payable at Patna. Tender document having detailed specification, terms and condition can also be downloaded from the website <http://nou.ac.in>. The downloaded form must include a Demand Draft of Rs 500/- drawn in favour of Nalanda Open University, Payable at Patna as tender form fee.

Suppliers who are interested in quoting tender must have TIN No. and produce tax clearance certificate. Tender will be opened on 27.03.2015 at 5:00 pm. Applicant or nominee may be present on the day of opening the tender. The requisite papers should be submitted with the tender, otherwise tenders may be cancelled. The firm quoting the tenders would have to deposit a demand draft of Rs. 10,000/- only along with tender as (refundable) earnest money in favour of Nalanda Open University, payable at Patna. Any type of misinformation will result in forfeiture of the earnest money amount.

Request for Quotation for Supply and Installation of Networking Equipments including integration with existing LAN

SCOPE OF WORK :

New installation and integration with existing LAN setup includes but not limited to the following tentative work:

1. Indoor UTP Cable Laying through PVC Pipe, Casing including all materials
2. Preparation of Actual Bill of Material based on Survey and NOU's requirements.
3. Installation of IO/Crimping/Patch Panel/ Rack/ Switch and System Integration
4. Laying and Termination of CAT6 UTP Cable. All cabling must be "structured"
5. Network Documentation (on Paper and CD)
6. All the floppy-disc., CD's, operational manuals, stationery and similar accessories made available by OEM vendor should be handed over by the Supplier to NOU after installation work is over.
7. Labeling of Cables, I/Os, Jack Panel, Switches for new connections.
8. Repair/Refurnishing work owing to damage caused due to cabling or any other work related to this Project. There should not be any hanging or uncovered wire.
9. Patch cord should be branded and factory crimped.
10. Equipment furnished shall be complete in every respect with all mountings, fittings, fixtures and standard accessories normally provided with such equipment's and/or needed for erection, completion and safe operation of the equipment's as required by applicable codes though they may not have been specifically detailed in the tender document, unless included in the list of exclusions. All similar standard components/parts of similar standard equipment's provided, shall be interchangeable with one another.
11. The Bidder shall be responsible for providing all materials, equipment's, and services, specified or otherwise, which are required to fulfill the intent of ensuring operability, maintainability, and reliability of the complete equipment covered under this specification within his quoted price. This work shall be in compliance with all applicable standards, statutory regulations and safety requirements in force of the date of award of this contract.
12. The bidder shall also be responsible for deputing qualified personnel for installation, testing, commissioning and other services under his scope of work as per this specification. All required tools and tackles for completing the scope of work as per the specification is also the responsibility of the bidder.
13. The installation of equipments/items shall be accepted only after installation tests are over.
14. The bidder should ensure while installation of LAN, day-to-day functioning of official work and existing network setup/connectivity/internet connectivity does not get disrupted.
15. The switches proposed by the bidders must be compatible to the existing network.
