

**(1) MASTER'S DEGREE COURSE IN COMMERCE (M.COM.) :**  
**Structure And Brief Syllabi of The M.Com**

Due to globalization and increase in commercial activities and networking, the commerce subject has gained tremendous importance all over the world. The subject not only offers new vistas of knowledge, but is also popular among the aspirants for competitive tests. Keeping current global picture in mind, the University has revised syllabus for M.Com. Students, incorporating the latest knowledge on the subject.

Master of Commerce programme is of two years duration divided into Part-I and Part-II, each Part consisting of eight papers. Each paper carries 100 marks, divided into term end theoretical written examination and home assignment /practical work in a ratio of 80:20. Failure in one paper will mean failure in that Part of the examination. Hence, students must strive to pass in all the papers. It is necessary to pass Part-I of the examination before a student can be promoted to Part-II. In order to pass each part of the examination, it is, now, compulsory for every student, to secure atleast 33% of marks in each paper. To determine 33% of marks in each paper, the marks obtained by the candidate, both in the term end theoretical written examination and the practical examination/home assignment, as the case may be, will be clubbed and counted together and percentage determined accordingly. However, if a candidate has failed to appear or secured zero mark in term end theoretical examination or practical examination/home assignment, as the case may be, in any paper, he/she will be deemed to have failed in that paper and the part. The abstract of the syllabus of M.Com. Course is as below:

| Paper          | Title of the paper  | Distribution of Marks between Theory and Assignment |            | Minimum Marks required to pass the examination (written exam. + practical/ Assignment taken together) |
